DIY Enthusiast

👤 PROFILE

Passionate Developer and Designer with over Twenty one years of experience. Thirteen of the last years focused primarily on workflow engineering / development and automation in the Print Industry.

📁 EMPLOYMENT HISTORY

Workflow Developer / Engineer at Fortis Solutions Group, Howard, OH
2007 — Present

Started primarily working in Electronic Prepress, moved to graphics lead and now full-time workflow development/engineering.

Co-Owner at R3 Gaming Lounge, Atwater, CA
2013 — 2020

Co-Owner/CEO alongside my Partner/Wife in an amazing esports adventure that has spanned multiple states. Helping educate and entertain thousands of people, both through pop up events and once upon a time a retail location.

Project Manager / Designer / Developer at Redwood / Ontrix / Etc., Varies
2004 — Present

Employed/contracted in project management, web/graphic design, web development and engineering. Learning to be versatile, quickly adapting to any situation thrown at me. Sometimes from multiple sources in shrinking time windows.

Designer / Developer at On Target / Image Masters, Merced
2002 — 2007

One of my earliest journeys at a home town graphics department as a designer for print, web, and garments while being the only web developer for multiple high maintenance clients ranging from local politics to Hospital Networks.

🎓 EDUCATION

Computer Information Systems, DeVry Institute of Technology, Sherman Oaks
2003 — 2005

⚙️ COURSES

Color Management Professional, Idealliance
2019 — 2020

G7 Professional, Idealliance
2016 — 2020

🌱 EXTRA-CURRICULAR ACTIVITIES

Extra Life Event Coordinator at Extra Life: Fresno Guild, Fresno, CA
September 2017 — Present

Organize esports related fundraising events to benefit the Children's Miracle Network.
